

REFUGEE MUST BE TAKEN BACK

Commissioner Foote Decides
Against Christian Rudowitz,
Russian Revolutionist.

Chicago, Dec. 5.—Christian Rudowitz, Russian refugee, must go back to Russia to stand trial on a charge of murdering three people unless he is saved by the intervention of the department of state, or of the president. This decision was clearly indicated by United States Commissioner Foote today after a hearing lasting over a month. Rudowitz is accused by the Russian officials of participating in the murder of Mrs. Wilhelmina Kinze and her parents at Tubk, province of Courland, Russia, in January, 1906. Although admitting that he was a member of a revolutionary body which "condemned to death" the Kinze family on the ground that they were "spies of the czar," Rudowitz contended through interpreters that he did not participate in the murders and claimed the right of asylum in this country as a political refugee.

Each anxiety was felt when Commissioner Foote announced that the hearing was closed. "If a long decision is wanted I can give it," said Commissioner Foote. "It is decided that this is not a political offense and that the evidence with this decision should go to the department of state, would you wish me to go into details?"

The attorneys for the defense said a detailed decision would be desirable. "Well," continued Mr. Foote, "I have pretty clearly indicated what this decision is to be, but I see no reason for not waiting until Monday to give a formal statement."

The murder of the Kinze family took place on the night of Jan. 6, 1906, when a band of armed men knocked at the door of Theodore Kinze, superintendent of a brickyard. Some one opened the door and the band rushed in and after looting the place, killed Mrs. Kinze and set fire to the house. They then went to an adjoining house, where the woman's parents lived, and killed the occupants.

RUNAWAY COUPLE JAILED IN MONTANA

(Special to The Herald.)

Anaconda, Mont., Dec. 5.—Baldo Kuzaro and Mrs. M. Kuzaro both Austrians, were placed under arrest here today upon telegraphic advices from Rock Springs, Wyo. The woman is married and has been taken into custody upon the complaint of her husband. With her is a baby daughter. Both prisoners declare they fled because of fear from the cruelty and threats of the husband, whom, Kuzaro says, is jealous beyond all bounds. The message indicated that the husband was on his way with the deserted husband's savings. An officer is en route from Wyoming.

MOTHER TAKES SON'S PART.

Difference of opinion in parental rule led to an outbreak of passion on the part of William Thomas, residing on Tenth North near Ninth West street, Saturday night, that resulted in his incarceration in the city jail under a charge of disturbing the peace. Thomas, who by trade is a lime burner, asserts that he is a peace-loving and law-abiding citizen, and that he had undertaken to remedy this last night by the use of the rod. "The mother interfered with her boy's part, and this so angered Thomas that he drove the entire family into the street and they were compelled to seek refuge with neighbors."

MIX FOR RHEUMATISM.

The following is a never failing remedy for rheumatism. It follows: It will effect a complete cure of the very worst cases: "Mix half pint of good whiskey with one ounce of Toris compound and add one ounce syrup of Sarsaparilla compound. Take in tablespoonful doses before each meal and at bed time." The ingredients can be procured at any drug store and easily mixed at home.

DONOR OF SPLENDID CATHEDRAL ORGAN LIFELONG FRIEND OF BISHOP SCANLAN

MISS ELLEN HAYES.

Miss Ellen Hayes of Ely, who gave the beautiful new organ to St. Mary's cathedral, is a life-long friend of Bishop Scanlan. She knew the bishop when he was priest in San Francisco and later in Nevada mining camps. When the first work was being done on the new cathedral she asked permission to give the organ. The bishop gladly accepted the offer and Miss Hayes selected the organ, which is one of the largest and best instruments in the United States. It was the request of Miss Hayes that her name be not made public. The bishop granted the request and for a long time kept the name of the giver of the organ a secret. He wished to have the people give credit to the donor of the magnificent instrument, and finally secured her reluctant consent to the announcement of her name at the dedication of the organ.

Miss Hayes is one of the most prominent business women of Ely. She is the owner of several large business blocks in Ely and the proprietor of the Hayes-Park hotel of Ely.

SUIT TO QUIET TITLE RECALLS DEATH OF ARMY OFFICER AND HIS SON

The death of an army officer, and the more tragic death of his young son, are recalled in a complaint filed in the district court yesterday afternoon. The complaint is filed in an action to quiet the title to lots 4, 5 and 6 of block 2, plat 2, Salt Lake City survey. Edward Chamberlain is the plaintiff and Helen Dewey Rogers is the unknown.

HAIL KING ROOSEVELT.

Austrian Says He Thinks President
Reigns Supreme.

Janhu Pecaver, an Austrian, made application to be admitted to citizenship Saturday, but as he was unable to speak English sufficiently to answer to the questions put to him by Judge Marshall, his petition for citizenship was denied. Pecaver had never read the Constitution of the United States and was in no way familiar with the law making of the country, he being under the impression that the president made all the laws of the country. He was advised to study on the laws of the country before making another application for citizenship.

SALINA SOCIETY.

One of the prettiest social events ever held in Salina was a parcel shower given Wednesday night at the White House in honor of Miss Belle Peterson, whose marriage to H. S. Kleinschmidt will take place the latter part of December. The dining room and parlor were a wilderness of red and white hearts, which were hung from the ceiling, and the odor of carnations filled the air. The last table, which was placed in the dining room, was beautifully decorated in smilax and carnations, and a beautiful white bell, which was arranged with smilax, hung directly over the table from the center of the room.

The lunch was served at 10:30, after which the guests retired to the parlor, where games were played and appropriate toasts to the bride-elect were given.

Miss Effie Ivy and Miss Lewis presided at the punch bowl, which was artistically arranged with red and white decorations.

A. J. Lewis returned yesterday from a trip to the east, where he accompanied the remains of his mother, who died at Richmond.

Mrs. George Long came down from Springfield during the early part of the week and will probably remain for some time.

Miss Effie Rex returned from the state capital Monday.

Mrs. P. S. Peterson is very sick with a cold and it is feared that she has a case of appendicitis.

County Superintendent P. D. Jensen of Elsinore spent a couple of days during the week visiting the schools.

Mrs. Lee Clark of Richmond is visiting with her mother, Mrs. O. Cuddeback. Mr. and Mrs. C. J. Christensen of Ephraim were present at the parcel shower given at the White House.

Miss Friel Taylor left for Salt Lake during the week.

Mrs. Louis Larsen departed for her home in Ephraim Wednesday, after visiting friends in this city for some time. Lloyd Ivy, a student at the Snow Seminary at Ephraim, was home on a visit this week.

S. J. NICHOLAS, 74 East 3d South.

ADVISORY BOARD MEETS

Distinguished Engineers and Scientific Men Have Tremendous Problems to Solve.

Pittsburg, Dec. 5.—A national advisory board on structural materials, a body composed of the most distinguished engineers and scientific men of the country, gathered here today to discuss the work under way at the arsenal testing station of the United States government in this city. The board was appointed two years ago by President Roosevelt.

At the close of the session of today Richard L. Humphrey of Philadelphia, secretary, said:

"We have some tremendous problems before us. In the first place we are making an earnest endeavor to reduce the number of deaths in coal mines. The members of the board believe firmly that there will be a lower death rate within the next few years."

Another phase of the work relates to stopping the waste, not only in the mining of coal, but also in its utilization. The government is also endeavoring to save the timber resources. Last year the losses in the United States amounted to the tremendous total of \$21,000,000. This is from six or seven times the fire losses of Europe. Three-fourths of the entire loss in the United States occur from frame buildings, which means faulty construction. A sad feature is the number of persons burned to death each year."

The Rowland Hall Debating society will hold its semi-monthly debate next week. The subject will be: "Should the women of today follow their own ideas in dress or the prevailing fashions?"

One of the most pleasant events of the week was the talk given by Leopold Lane of "The Rivals" on the text and literary value of the play and on modern drama in general. In the afternoon the pupils were dismissed from school early in order that they might attend the matinee.

FILES SUIT FOR DIVORCE.

Mrs. Belle Kay yesterday filed a complaint asking for a divorce from George Kay and the restoration of her maiden name. The ground on which the divorce is sought is non-support. The complaint alleges that the couple were married in Salt Lake on Feb. 11, 1904, and that on April 29, 1908, the husband ceased to support his wife, giving her only one pair of shoes since that time. She says that he earns \$75 per month and is capable of supporting her.

MOYER IN NEVADA.

Carson City, Nev., Dec. 5.—Charles Moyer, president of the Western Federation of Miners, is spending several days in this city in the interest of Preston and Smith, the men convicted of the murder of John Silva, the restaurant keeper of Goldfield, during the labor troubles there. Moyer will be joined in this city by Jim Burns, also a prominent Western Federation official, and the two will work together in behalf of the convicted men.

PROVO NEWS NOTES.

Provo, Dec. 5.—Thatcher Hallett, formerly of this city, but of Wyoming, died here Monday at the home of his sister, Mrs. Carlos Snow. The funeral will be next Monday at 1 o'clock from the First ward funeral home. The remains can be viewed at Berg & Sons undertaking parlors from 11 to 12:30 Monday.

Rose Evelyn Peterson has been granted a divorce from Peter N. Peterson. She was given the custody of a minor child and \$15 a month alimony.

The Maple Cash mercantile company has filed articles of incorporation. The company will conduct a mercantile business. The capital stock is \$5,000, in shares of the par value of \$1 each. The following are officers and directors: S. H. Rosendy, president; C. W. Houts, vice president; John H. Lee, secretary and treasurer; William T. Tew, George B. Matson, Jr., and E. M. Snow.

OLD CAR BARNS ATTACHED

Sheriff to Enforce Judgment for \$10,031 Against Utah Light & Railway Company.

A writ of attachment was issued yesterday by Judge Morris L. Ritchie for horses, wagons, machinery, and the west side car barns, all the property of the Utah Light & Railway company, to satisfy a judgment of \$10,031.50 in favor of William J. Cooper. The attachment was given to the sheriff for service.

Cooper was employed as a lineman for the Utah Light & Railway company and on Jan. 20, 1902, came in contact with a live wire while engaged in repair work. As a result he was seriously burned, causing permanent injury. He used for \$15,000 damages and on Jan. 24, 1907, was awarded \$15,000 damages. A stay was granted while a motion for a new trial was argued. The new trial was denied and the judgment entered against the street railway company. The judgment, however, was never satisfied and Cooper appealed to the court for a writ of attachment.

ATTEMPTS SUICIDE.

Principal in Salt Lake Escape Tries to Kill Himself.

Santa Barbara, Cal., Dec. 5.—Leonard J. Boutwell, said to be a member of a prominent Boston family, attempted suicide here yesterday by taking chloroform. The young man was despondent over money matters. The proprietor of the hotel where he is stopping detected the odor of the drug coming from the room and applied restoratives which saved his life. Boutwell seemed in high spirits before attempting to take his life, but it developed that he made an unsuccessful attempt to secure funds from the east prior to the attempt.

Boston, Dec. 5.—Boutwell left this city more than a year ago for California for his health. His family in this city was surprised today to hear of his attempted suicide.

Boutwell was in Salt Lake last summer, and after cutting something of a dash was arrested for passing bad drafts. He was stopping at the Knutsford hotel and his arrest followed an attempt to cash a draft found to be spurious. At that time he said he was the son of former Governor Boutwell of Massachusetts. After spending a few days in jail he was charged with vagrancy and released on his promise to leave the city. Before coming to Salt Lake he had had a somewhat similar experience in Seattle.

CHARGE OF FRAUD.

Reno, Nev., Dec. 5.—Suit to dissolve the Nat. C. Goodwin company of this city was filed today by Warren Miller, formerly vice president of the company, who also asks for \$100,000 damages. Miller alleges that Nat. Goodwin and George Graham Rice, the latter now being in New York, have conspired to defraud and cheat him of his rightful interests and profits in the company.

BRIGHAM CITY BRIEFS.

Brigham, Dec. 4.—At the non-partisan school election Wednesday of the Box Elder county district, which comprises Box Elder county, the following members were elected: District No. 1, T. F. Coombs; district No. 2, Charles Kimber; district No. 3, P. M. Hansen; district No. 4, James M. White; district No. 5, John W. Peters. P. M. Hansen and James M. White and Charles Kimber were members of the former board, while the other gentlemen elected are new members.

The Hotel Utahna, changed hands this week. Mr. Art Bothe assuming control. The new management has thoroughly renovated the hotel and put in entirely new furnishings throughout. The hotel was formerly under the management of R. Kaiser.

James Anderson of this city, while driving in his buggy yesterday, was kicked in the ear by the horse, who suddenly and without warning kicked up his heels. Mr. Anderson's ear was split open and required medical attention. Drs. Whitlock and Lucien sewed up the injured member.

Word was received in this city today of the death of Elmer Busenback, at Collins-ton, from leakage of the heart. The young man was 29 years of age and a son of the Monroe and Sarah Ann Busenback. The father of the deceased died about two months ago.

Henry Orkey of Bear River City was operated upon at the hospital in this city this week for the removal of a tumor. While the tumor was a large one, the patient passed through the ordeal in good shape.

Mrs. J. J. Peterson of the Second ward also underwent a delicate operation at the local hospital this week. She is progressing nicely.

Simple Truth is Sometimes Stranger Than Fiction

Many Afflictions of Humanity, Proclaimed Incurable, are Mastered by the Science of Chiropractic.

WONDERFUL TRIUMPHS OF THE DRUGLESS METHOD.

DR. L. E. FARNSWORTH, D. C.

There is no occasion for any sufferer giving up hope, no matter what the failure of the acknowledged panaceas for the disease. True, medicine may fail; the knife may fail, but there is still reasonable hope founded by results attained in parallel cases. In the new science of chiropractic, which deals entirely with the cause, regardless of the location or nature of the effects.

It stands to reason that while the direct cause of any ill remains there can be no cure. Remove the cause and Nature herself will correct the irregularity, restoring normal, healthful condition to the afflicted human constitution.

Are you a sufferer? No matter what the affliction, do you want to be cured permanently and without fear of possible injury in case of failure of the prescribed remedy? There is no thing absolutely certain about the Chiropractic, drugless method—the acceptance of your case is equivalent to a positive cure; because the practitioner of that system here in

Salt Lake, Dr. Farnsworth, will not take a case unless there is plainly evident a condition that indicates the cause of the trouble.

You never can tell till you try just what the science means to the disease which is robbing you of your natural vitality, your health and strength. An examination by Dr. Farnsworth will reveal to him the direct cause of the suffering. Then, by his skill in anatomical study, he will overcome the deflection of the human body and restore the normal, healthful condition.

What diseases does the science claim to cure? All diseases that have their origin in the nerve centers of the spine. Among them may be enumerated: Rheumatism, Neuralgia, Paralysis, Epilepsy, Spinal Fracture, Nervous Breakdown, Lumbago, Dyspepsia, Constipation, Kidney, Liver or Bladder Trouble or diseases peculiar to women. Dr. Farnsworth can tell by examination whether or not he can cure you. Examination and Consultation Free. Fees for treatments are moderate.
